At the end of the Announcement –

Her Imperial Majesty, the Queen of Sheba III, Throne Imperial Head of the African Kingdoms Federation of South Kingdoms stated :

“ This is such a great and incredible day in our history as Africa and its Diaspora. The African Union recognised Africa as having 6 Regions. That of East Africa States, West Africa States, North African States, Southern Africa States, Central Africa States and the Diaspora Territories, Nation and States as the African Union 6th Region.

As such the LUMI is the Currency of that 6th Region and so recognised and in use in Jamaica that is a part of the African Union 6th Region. As an integral part of the community and first-born of the Thrones of Thrones within the region of the lines of Continental Africa, I am so very proud of the Economic Community of the African Diaspora 6th Region (ECO-6) and Government of the State Of The African Diaspora (SoAD), with the creation of the LUMI with respect to Africa’s needs as we enter this new time and reality of the 4th Industrial Revolution and Reset in start.

The 1st, 2nd and 3rd Revolution saw Africa in many ways left behind, we cannot with this 4th, because we as all humanity are in the middle of its path and course, and we cannot change that course put in place by mankind’s choices!

Therefore what is being discussed is not just the FIRST Pan-African Currency but our Freedom to be and do better as the 6th Region of the African Union with the LUMI, and the expansion of its uses within the our African Union family nations community and African Kingdoms.

This, towards nation building in warp speed, for we will need that in warp speed ! Not just to catch up but to surpass the expectations, as Africa. The LUMI empowers us in this new reality to make better and great choices for the care and development of Africa. It empowers us in this time as the 6th Economic Region to facilitate the needed financial stimulus to save African lives in this global pandemic.

It empowers us with the economic freedom to say truly Yes, when we mean Yes, and our No as No when we mean No, and the compromise of our dignity for our needs by

**STATES, NATIONS, TERRITORIES AND  
REALMS OF THE AFRICAN DIASPORA**

the hand of any other. It empowers us, and our respect and dignity as a Sovereign People of Sovereign Nations and its Kingdoms in chart of our future, and our survival in this time in history, as never before!

I am in full agreement with the concept of this currency, and frankly we need it at this time, and correctly and quickly in place, to see to the African people suffering under this Pandemic.

We have with the LUMI our own monetary currency, which we inaugurated the Crown Councils and Crown Parliament of the Kingdoms Community working in unity for the greater good of our people, our Kingdoms, our Nations and our Governments hand in hand as Africa.

So let us chart the plans to see to the support of all the 6 Regions, with the desperately needed 100 USD equivalent LUMI stimulus for each African over the age of 18, in a practical way, in par with training so we are not building a welfare State whilst saving that very state as our responsibility as the Thrones of the Kingdoms and the Kingdom of the 6th Region and the Government of State of the African Diaspora.

To His Excellency the Prime Minister, Louis-Georges Tin, Her Excellency The Vice-Prime-Minister, Keturah Amoako and to the Honourable Minister Of Finance, Chief Timothy McPherson of the Economic Community of the African Diaspora 6th Region (ECO-6), my support, respect and compliments to you !

Chief Timothy also commented :

*"The LUMI marks a reset of currency ; a reset of energy ; a reset in digital technology ; a reset of knowledge expertise culture and mutual co-operation between Africa and the Diaspora ; and a reset of Africa and the Diaspora's position on the global stage".*

The Prime Minister, Dr. Louis-Georges Tin commented :

*"The lumi is essential to our sovereignty. It is our pride, our strength and our future"*

Keturah Amoako, the Vice Prime Minister and Minister of Repatriation of the State of the African Diaspora commented :

*"We have been waiting for this moment for a very very long time, the LUMI is the light a beacon which will lead us to economic empowerment, upliftment and for sure a sense of pride and dignity. With the African Kingdoms and the African Diaspora integrated this is the ultimate unity and Pan-Africanism at its finest !"*
